2008 Tall Ships Festival Channel Islands Harbor • August 7-10, 2008

Tall Ships® from around the world converge on Channel Islands Harbor in a magnificent display of seafaring power and beauty. Channel Islands is one of only four locations on the West Coast to host the Tall Ships Challenge!

Stroll harborside and enjoy these beautiful ships close up, or climb aboard to explore the decks and hear first hand their history – and a few good yarns! You might even choose to set sail and be part of a sea-battle re-enactment – if you dare!
